Subject: Senator Timilty

Good Morning!

Senator Timilty is unable to be present for your event today. He has several conflicts.

As you are aware, Massachusetts law prevents legislative staff from engaging in campaign activities during the workday and/or using state resources of any kind for campaign purposes. Senator Timilty takes this very seriously and has always maintained an office policy prohibiting state house team members from responding to campaign related inquires and invitations. It is for this reason that I am just learning about this event now.

Thank you.

Joe Reardon

Subject: Randolph Candidate Virtual Forum Sunday May 22 @ 1 PM - 2:30 PM

To all statewide candidates and Randolph candidates --

We'd like to invite you to a "candidate forum" for every Democrat running at the Convention and/or on the September 6 ballot in Randolph.

Below is the Zoom link for the Randolph Democratic Town Committee's virtual forum to be held on Sunday May 22 at 1:00 PM. No registration needed but RSVP appreciated.

You can introduce yourself to our delegate candidates with a five-minute speech, then some Q&A. You're welcome to stick around and chat individually with people for Q&A by Zoom text too. You might also plug your campaign website and contact info into a chat line to everyone.

Details of our caucus event are at <https://jessegordon.com/caucus.htm> -- it's the same format as then, with the same Zoom link, but candidates can speak for longer! We have nine questions below -- you can answer in advance if you like, and we'll post it on our website -- and/or answer in your five-minute speech.

We made a video of the caucus and played it repeatedly on RCTV, our local community television station. For this virtual forum, we will record and offer the video to RCTV as well as to surrounding South Shore towns (we're inviting county candidates and state senate and state rep candidates as well as statewide candidates).

Sincerely,

Jesse Gordon, RDTC Chair

617-320-6989

Subject: Invitation to speak at Randolph Dems Forum Sunday May 22 @ 1 PM - 2:30 PM

Randolph Democratic Forum
Sunday May 22, 2022;
Virtual Meeting opens at 1 PM; will continue until at least 2:30 PM

Dial-in: +1 312 626 6799

Questions for candidates -- if you email back a written response, we'll post your responses and publicize them -- or you can just respond "live".

#1) Our tri-town area has excessive PFAS in our drinking water, like reservoirs across Massachusetts. What can you or the Commonwealth do to help with paying for filtering to remove PFAS, and running outside testing to identify PFAS sources?

#2) Our town government has been promised ARPA money and infrastructure money, like municipalities across Massachusetts. But the money is slow in coming, especially through Norfolk County. What can you or the Commonwealth do to help expedite this "emergency funding" so we can actually spend it on emergency needs?

#3) Randolph qualifies as an "environmental justice community" and might qualify as a "gateway city" and numerous other special designations. But we have trouble finding applicable grants through MAPC and other state agencies, while other wealthier towns and larger cities seem to always beat us to every grant. What can you or the Commonwealth do to help with "municipal equity" in state programs?

#4) Randolph always seems to be on the losing end of every state-based formula, too, compared to other wealthier towns and larger cities. For example, we lose millions in Chapter 90 road repair funds because we cannot afford to get our streets "accepted". What can you or the Commonwealth do to help?

#5) The worst formula for Randolph is the Chapter 70 education funding formula. We have huge expenses due to our high immigrant and ESL population, which results in high local real estate taxes despite poor scores for our schools. What can you or the Commonwealth do to update the formula to get communities like ours more state funding for our schools?

#6) In the wake of overturning Roe, what can be done in Massachusetts to prevent further erosion of reproductive rights?

#7) What can be done in Massachusetts to protect same-sex marriage and other LGBT rights if the "right to privacy" is eroded?

#8) What are your views on the Fair Share Amendment ballot initiative?

#9) What are your views on the November ballot initiative concerning Rideshare working conditions?

Sincerely,
Jesse Gordon, RDTC Chair
